

Dexter Community,

We're excited to share an incredible opportunity right here in our town — the **Dexter Community Garden!** Whether you have a green thumb or simply a desire to support your neighbors, this space is for *you*.

The Dexter Community Garden is a shared, welcoming space where individuals and families can rent a garden raised bed (limited number this year) to grow fresh vegetables, herbs, and flowers. It's perfect for anyone who wants to grow their own food, learn about gardening, or spend time outdoors in a peaceful, community-driven setting.

### Why join or volunteer or sponsor at the Dexter Community Garden?

- **Grow Your Own Food:** You will have access to your own raised bed to cultivate fresh, healthy produce. Whether you're an experienced gardener or just starting out, this is a great place to grow your own food and gain confidence in your gardening skills.
- **Give Back:** For those who want to help others, there are volunteer opportunities to help tend communal plots, assist others, and harvest produce to be donated to local food banks or families. It's a great way to make a direct and positive impact on the lives of others.
- **Build Community:** Gardening alongside others fosters new friendships, shared learning, and a stronger connection to the community. We believe in supporting one another and building a place where everyone feels welcome.
- **Learn and Share:** We plan to host occasional workshops and gardening days where volunteers and renters can learn from each other, whether it's about composting, planting tips, or harvesting techniques.
- **Sponsor:** Sponsorships are available for the Dexter Community Garden. Sprout Sponsor (\$200) and Blossom Builder (\$500). Forms are available at the Park Office.

The Dexter Community Garden is more than just a place to grow plants — it's a place to grow *together*. Whether you're interested in renting a plot for yourself, volunteering your time, or just stopping by to say hello, we would love for you to be a part of this beautiful effort.

If you'd like more information on renting a garden space or volunteering with us, please don't hesitate to reach out.

Let's plant something amazing — for ourselves and for our community.
