

PICTURE INFORMATION

PHOTO DAYS

From Photographer Michele Owens

I am excited to be back! During our break and due to some new restrictions, Photo Day has become contactless in a few different ways!

-All players will be photographed individually on a green screen. That image will be used to make a composited (digitally created) team photo.

-There will be no paper order forms or money exchanged the day of photos. We have moved to an online viewing and ordering platform! Don't worry, it's very easy to navigate and I am here to help 100%!

-You will have the opportunity to view your child's photos BEFORE you order them! You will choose the pose you like, have the option to mix and match within your package or still just order individual items, if you choose to order! You will also have access to several new products.

-Payment is made online via debit/credit card and prints are shipped directly to your home. There is also an option for purchasing digital images with print release. If you do not have debit/credit card access, please reach out. We can still help you order photos!

I know this is all new and I will have more information and be glad to answer any questions the day of photos. Just stop over and see me! Even if you do not intend to purchase, please bring your child so they may be included in the team photo that is created.

If you text your sport specific code (provided later) to the number 90738, you can see prices of prints and packages. You are NOT required to purchase at all, or to purchase a package. If you prefer just a single print, you may certainly just order that!

There is also an Early Bird special. Purchase a \$25 Advance Pay credit and receive \$5 off your order! Advance Pay credit is like buying a gift card for yourself, for photos. It's tied to your phone number and email and will apply automatically to your order once photos are done and you place it!

Again, I'm really excited to bring this whole new process to you! As well as great images of your players!

- Michele
